Practice that actually sticks

Short, focused sessions designed around how practice really works.

[FAQ]

Honest answers to the small stuff.

Do I need to read sheet music?

No — theory lessons build understanding by ear first, notation second.

What instruments are covered?

General theory and production apply across instruments, with focused lessons for the most common ones.

Do I need production software?

For the production lessons, yes — free and low-cost options are covered.

Is this suitable for complete beginners?

Yes, the track starts from zero and builds up one short lesson at a time.
